At Fox Corporation, our continued investment in cultivating meaningful relationships with our viewers, employees and other stakeholders allows us to create lasting opportunities to positively affect our communities. Our dedication to corporate social responsibility has continued to grow through the expansion of FOX Forward, our company-wide philanthropic initiative, and the collaborative partnerships we have established in those efforts.

FOX Forward’s mission is to positively impact the lives of the people we serve while deepening our viewers’ attachment to our brands. Our team members continually report being gratified by our community engagement and actively give their own time and talents in support of this unifying work.

FOX Forward is focused on three main pillars: serving veterans, active-duty military members and first responders, enhancing educational opportunities for under-resourced students and investing in our local communities. Our purpose-driven efforts include investing through our partnerships, financial donations, volunteer efforts and magnification across our media assets.

This year, we put the power of FOX For Students to work as FOX became a founding partner in establishing the Roybal Film and Television Production Magnet program within the Los Angeles Unified School District. This scalable initiative drives transformational change across the industry by building a more inclusive pipeline of historically underrepresented students pursuing below-the-line careers in film and television. Through this partnership, we have created hands-on educational opportunities for Roybal students, providing them with insight and exposure to the full array of career paths available across our industry.

Our employees welcomed students to the FOX Studio Lot for behind-the-scenes experiences and an exclusive show production panel.

As we marked the first year of the war in Ukraine, we honored our fallen friends and colleagues, cameraman Pierre Zakrzewski and Ukrainian journalist Oleksandra “Sasha” Kuvshynova, as well as reporter Benjamin Hall, who miraculously survived the deadly attack on our crew. In tribute to their sacrifices and all those across the FOX News team who remain steadfast in their mission to shed light on these inhumanities, Fox Corporation made a second $1 million donation to the American Red Cross. These funds support the ongoing global efforts of the Red Cross to provide much-needed relief to people in Ukraine and neighboring countries.

In addition to showcasing our annual FOX Forward initiatives, this report highlights FOX’s forward-thinking efforts in sustainability, employee benefits and resources, data security and more. In thinking holistically about our stakeholders, our strategic business objectives and our capacity for driving measurable impact, we can focus our resources to make meaningful advances in these key areas.

Thanks to the commitment of every member of the FOX family, we continue to move FOX forward together.

COMMUNITY FORWARD

GIVING FOR GOOD

Through our giving and outreach, we invest in causes that are meaningful to our employees and to FOX.

FOX Forward continues to contribute to communities close to home and beyond, with a strategic focus. This year’s annual giving uplifted students, teachers, veterans and military service members whose dedication inspires us every day. Some of our commitments included:

• Multi-year support as a Founding Partner of the Roybal Film and Television Production Magnet Fund
• Continued sponsorship of the Supply A Teacher program through the Kids In Need Foundation
• Multi-year commitment to the Pat Tillman Veterans Center at Arizona State University to provide scholarships and mental health resources to veteran students
• Funding of the FOX Career Center at the U.S.VETS Inglewood, California, location
• Expansion and upgrades to the FOX Sports Skybox, a home-away-from-home for U.S. military personnel stationed at the Al Udeid Air Base in Doha, Qatar
• Funding to provide equipment for twelve Los Angeles schools specializing in filmmaking, digital media, visual arts and performance theater including cameras, lighting, green screens and staging platforms for concerts, musicals and plays

• Funding for the Los Angeles Regional Food Bank’s BackPack Program providing close to fifty thousand meals to over 350 students attending two Los Angeles and Compton Unified School District schools

FOX Giving offers programs aimed at engaging our employees and providing the opportunity to see their donations amplified throughout the year. FOX matches contributions (dollar for dollar) made by eligible employees to verified nonprofit organizations, up to $1,000 per person annually. The program also includes a donation award to vetted nonprofits for employee volunteer time.

This fiscal year, contributions through FOX Giving exceeded $1 million, with the Company’s match doubling and, for some campaigns, tripling the impact of employee donations that reflect their philanthropic interests. Together with our employees, FOX contributed to over 1,200 organizations, some of which are listed on the following page.

FOX holiday giving programs raised over $525,000 in November and December of 2022 for non-profit organizations across the country, including Team Rubicon, Angel City Sports, Feeding America and Toys for Tots, providing meals, coats and holiday gifts for those in need.

“I've been able to support organizations in my community through donations and volunteering. It's great to have the added impact from FOX Giving.”

- Tampa-based FOX Technology employee

“By supporting the Los Angeles Regional Food Bank, FOX has made a difference in the lives of children and families all over Los Angeles County who might have otherwise gone hungry. We look forward to this ongoing partnership so that we can continue to reach our neighbors in need.”

- Michael Flood, President and CEO, Los Angeles Regional Food Bank
Fox Corporation and FOX Sports teamed up to create a lasting, positive impact in Arizona, the host state of Super Bowl LVII.

As in previous FOX Super Bowl broadcast years, FOX Forward and FOX Sports Supports, the community impact arm of FOX Sports, continued the tradition of giving back to the cities and communities that welcome the FOX team leading up to and beyond game day.

In honor of Super Bowl LVII, FOX Forward made a commitment to the Pat Tillman Veterans Center (PTVC) to provide scholarship funding and mental health resources for student veterans for a five-year period. The FOX Pat Tillman Veterans Center Scholarship awards funds to students at the Cronkite School of Journalism. Trek for Vets, a weekend wilderness therapy program, provides healing and strategies for veterans in their post-traumatic growth journey.

The PTVC, which honors Pat Tillman, an Arizona State University (ASU) graduate, pro football star and U.S. Army veteran who lost his life while serving, is located on the ASU campus, as is the FOX Technology Center, which served as the broadcasting hub for Super Bowl LVII. FOX Technology Center employees will also engage with PTVC student veterans to provide ongoing pathways to employment through skill building workshops, internships and more.

Through FOX Sports’ Gamechanger Fund, established to benefit nonprofit programs in Super Bowl host communities, FOX Sports teamed with Purple Heart Homes to renovate the home of a U.S. Air Force veteran in need. The FOX Sports and FOX Technology Center teams put their skills to work completing a bathroom remodel, new ADA-compliant door and floors, wheelchair accessible kitchen adaptations and the installation of a new wheelchair ramp, providing independence and a dignified way for this veteran to age in-place.

Additionally, the Gamechanger Fund supported the creation of Boys & Girls Clubs of the Valley’s new AZYouthforce West Valley Career Readiness Center, delivering essential skills training and mentorship to teens preparing for internships and permanent job placement. AZYouthforce members visited the FOX Sports Super Bowl LVII compound during Super Bowl Week for a behind-the-scenes look at careers in sports media.

The Gamechanger Fund also granted the FOX Sports Super Bowl LVII Scholarship to Arizona’s representatives for the annual Boys & Girls Clubs of America Youth of the Year and Boys & Girls Clubs of America Military Youth of the Year competitions.
In 2022, FOX joined other leading media companies as a Founding Partner of the Roybal Film and Television Production Magnet Fund, which was established in partnership with the Los Angeles Unified School District by George Clooney, Grant Heslov and Creative Artists Agency’s Bryan Lourd. The Fund supports the Roybal Film and Television Production Magnet, a specialized academy formed to drive transformational change across the industry by building a more inclusive pipeline of historically underrepresented college and career-ready students pursuing below-the-line careers in film and television.

This coalition collectively committed more than $4 million to the school, which officially opened in the Fall of 2022 with an inaugural class of 150 students.

As a part of our wider FOX For Students initiative, this investment and partnership further establishes our commitment to supporting educational opportunities across varied communities.

Rob Wade, Chief Executive Officer of FOX Entertainment, sits on the Roybal Advisory Board working alongside his industry peers. The Advisory Board works to create pathways for students from underserved neighborhoods and remove barriers to lucrative jobs by providing educational resources and hands-on experience to opportunities in the entertainment industry.

FOX kicked off our partnership with Roybal in October 2022, hosting 9th and 10th grade students at the FOX Studio Lot in Los Angeles. In addition to touring soundstages and studios, the FOX Entertainment team presented an exclusive panel with The Masked Singer showrunners, costume team and FOX executives.

FOX established an internal working group that brings together colleagues from across our business units to create year-long programming and real-life opportunities for Roybal students, the future of our industry.
Fox Corporation contributed $2 million to relief efforts supporting communities affected by the catastrophic impact of Hurricane Ian and the Southern and Midwest Tornadoes & Storms.

The Red Cross delivered immediate financial assistance, which aided over 50,000 households in replacing lost clothing, buying food and gas and meeting other pressing needs in the early days after a disaster.

In times of need, FOX viewers once again answered the call to action with over $1.7 million in donations through the FOX Forward Red Cross fundraising microsite after these events.

FOX continues to be an Annual Disaster Giving Program partner, enabling the Red Cross to respond immediately to disasters across the nation, providing safe shelter, hot meals, emotional support and resources to aid in recovery.
Across FOX, our commitment to veterans and active-duty military members is put into action through support of cause marketing campaigns, vocational opportunities, wellness initiatives and more.

UNITED STATES VETERANS INITIATIVE (U.S.VETS)
Fox Corporation has nurtured a strong, long-term partnership with U.S.VETS, a national leader in providing housing, employment and mental health services to veterans across the country. We are proud to make contributions to their mission, some of which include:

- Continued support as the Founding Media Partner of the “Make Camo Your Cause” national cause marketing campaign, activating financial support for the U.S.VETS mission and generating more than 147 million views/ impressions across FOX brands.
- FOX Forward funding of the newly renovated and expanded FOX Career Center at the U.S.VETS Inglewood facility, which provides ongoing career pathway resources and guidance to veteran clients.
- Sponsorship of the inaugural U.S.VETS Boots to Business Veteran Hiring Fair in Los Angeles.

LOS ANGELES FLEET WEEK FOUNDATION AND THE USO
Los Angeles Fleet Week returned for Memorial Day Weekend 2023, and FOX welcomed U.S. Navy Sailors and Marines for a tour of the historic FOX Studio Lot, an exclusive simulated on-air experience in the FOX Sports studio hosted by SPEAK co-host Joy Taylor and an All-American BBQ lunch with FOX employees.

At the Port of Los Angeles, FOX Sports was proud to support and celebrate our nation’s heroes as the presenting sponsor of the 2nd Annual LA Fleet Week Dodgeball Tournament. FOX Entertainment also sponsored the Galley Wars cooking competition for the second year.

In New York, FOX partnered with the USO to support Fleet Week once again over Memorial Day Weekend. FOX kicked off its support at the Parade of Ships Welcome Breakfast, then hosted crew members on the FOX Plaza for a FOX & Friends All-American Summer Series concert. Members of the USS Wasp’s weather command visited FOX Weather studios for a tour and on-air appearance. FOX volunteers also greeted crews from the USS Wasp and the Royal Navy’s HMS Scott at the USO Pop Up where employees served food with a side of NYC hospitality to visiting fleets.
FOX FORWARD

IN ACTION | FOX SUPPORTS OUR MILITARY AT HOME AND ABROAD

FOX’s commitment to support our military extends to both service members at home and abroad.

Coinciding with the start of FOX Sports’ broadcast of the FIFA World Cup Qatar 2022™, FOX unveiled a renovated and expanded FOX Sports Skybox and Plaza at Al Udeid Air Base in Qatar.

The FOX Sports Skybox and Plaza upgrades and expansion include a sports bar, outdoor kitchen, indoor and outdoor seating, multiple televisions, a video game area, an artificial turf field and other recreational features.

Fox Corporation Executive Chair and CEO Lachlan Murdoch officially opened the new FOX Sports Plaza along with FOX Sports CEO and Executive Producer Eric Shanks, Lt. General Alex Grynkewich and Brigadier General Jeffrey Nelson.

The ribbon cutting ceremony, attended by 200-plus U.S. Armed Forces service members stationed at the base, members of U.S. Congress and other government dignitaries, reinforced FOX’s commitment to never forget the sacrifices made by those who serve.

Led by the FOX Government Relations team, the $2 million investment, approved by the Department of Defense, enhances the existing space, providing a home-away-from-home for U.S. military personnel stationed at and passing through the air base. Profits generated from the establishment support the air base’s morale and welfare activities, providing military members stationed there with additional entertainment and leisure activities.

The FOX Sports Skybox origins go back to November of 2009, when FOX NFL Sunday embarked on a historic Veterans Day broadcast from Kabul, Afghanistan, with top talent Curt Menefee, Terry Bradshaw, Michael Strahan, Howie Long, Jimmy Johnson and Jay Glazer previewing the Sunday slate of NFL games before a live audience of U.S. Armed Forces stationed at Bagram Airfield.

During the on-air team’s return to U.S. soil, their travel was unexpectedly delayed in Qatar. Fortunately, FOX Sports was the beneficiary of warm hospitality provided by the 379th Air Expeditionary Wing stationed at Al Udeid Air Base outside of Doha.

As a gesture of appreciation, FOX Sports designed and constructed the new sports bar and has continued providing improvements over the years. With roughly one million service members served, FOX is proud to strengthen its commitment to members of the U.S. Armed Forces with this donation.

“I think it’s so important we remind our friends at home and our families at home what you do and what you sacrifice every single day that you’re here and a part of the armed forces. It’s with great appreciation and gratitude, I say thank you to all of you.”

- Lachlan Murdoch, Executive Chair and CEO, Fox Corporation

• FOX worked with the American Red Cross to promote the season premiere of 9-1-1: Lone Star and National Blood Donor Month with a custom social read from talent.
• Tied to the premiere of Animal Control, FOX partnered with Animal Care groups and shelters across the country in support of Animal Control officers everywhere.

FOX NEWS MEDIA

FOX News Media's (FNM) mission is to advance community outreach and impact, support causes that are meaningful to our employees and viewers and to engage our teams through volunteer initiatives.

COMMUNITY YOUTH PROGRAMS

FNM partnered with the Police Athletic League NYC (PAL) to host an employee-led toy drive benefiting New York City's youth. FNM employees purchased and wrapped over 500 gifts that were presented to PAL children and families during the third annual All-American Tree Lighting ceremony. FNM has long supported PAL's mission to provide resources for NYC's youth to play, learn and grow, while being nurtured by a meaningful and impactful relationship with local youth development professionals and police officers.

REMEMBERING OUR FIRST RESPONDERS

Each year, FNM recognizes the anniversary of 9/11 through initiatives benefiting organizations that provide aid and resources for first responders, injured veterans and their families. FNM's "Team FOX Fleet" participated in the 2023 Tunnel to Towers Tower Climb NYC at the Freedom Tower. The event celebrates the lives and sacrifice of all 9/11 heroes. With 16 members on board, FOX's team successfully completed the 104-floor climb, raising over $13,000 for this important cause.

A CALL TO ACTION

Through FOX News holiday donations, over $15,000 was raised for Save Our Allies to provide essential aid packages containing a wood-burning stove, firewood, food and medical supplies to remote villages in the Kharkiv region of Ukraine. These essential aid packages provided crucial support as weather conditions worsened and evacuation of remote and elderly villagers became necessary.

HONORING OUR HEROES

This year, FOX News dedicated its London bureau to photojournalist Pierre Zakrzewski, who was killed last year while covering the war in Ukraine. Zakrzewski's vehicle was struck by incoming fire while the FNC team gathered news in a village outside Kyiv. Ukrainian freelance journalist Oleksandra Kuvshynova also died in the attack. FNC's State Department correspondent Benjamin Hall, who was also critically injured in the attack, is recovering and back on FOX News' airwaves.

SHINING A LIGHT ON OUR EMPLOYEES

FOX remains committed to recognizing the important contributions of our colleagues who go above and beyond inside and outside the workplace. In 2022, FOX News Media Spotlight Awards were given to employees who showed exemplary dedication at work and within their communities. The Spotlight Community Service Award recognized the employee who has invested the most time and energy to their local community. Our Inclusion Ambassador of the Year Award was presented to the employee who led by example in celebrating, engaging and advocating on behalf of diverse voices within FNM and in the community. The Impact Award went to the professional who most significantly impacted the business and profitability over the past year. Our Innovator of the Year Award recognized our colleague who developed the thoughtful initiatives that led to a new way of delivering information, telling a story or doing business. The Rising Star Award goes to four entry-level employees who have demonstrated an exemplary work ethic and grown through the last year. The Unsung Hero Award went to four employees who consistently and continually go above and beyond with work that is vital to FOX News Media, but who may go unnoticed.
FOX TELEVISION STATIONS
FOX owned and operated stations across the country support and inform their communities on multiple levels. Whether through public affairs programming, on-air fundraisers or local nonprofit partner support, the strong connection to community is the foundation of FOX Television Stations (FTS).

OUR VIEWERS IN ACTION
FTS viewer participation and support grows year over year. On-air and digital campaigns have raised awareness and yielded contributions to a wide range of nonprofits across our local footprint. COMMUNITY FORWARD
INFORMING AND SUPPORTING OUR COMMUNITIES
Our FOX Television Stations public affairs programming addresses important issues for our local audiences and can have a profound influence on how the community engages on these matters. Through this content, we strive to earn and maintain the trust of our viewers.

We do this by creating content around the topics and experiences that shape their day-to-day life, while ensuring integrity of our editorial practices and strategically using our platforms to create positive impacts where possible.

Over the course of fiscal year 2023, our stations have brought to the forefront a vast array of social issues including:

The FOX Legal pro bono team once again supported National Adoption Day this year after a more than two-year hiatus during the pandemic.

FOX partnered with Alliance for Children’s Rights to assist finalizing adoptions for children in foster care. The Alliance and their volunteers finalize nearly one-third of all adoptions in Los Angeles County. FOX employees are honored to be a part of the process.

Leading up to representing the family in court to finalize the adoption, FOX team members train, complete relevant documents and work with the families to fully prepare them for the big day.

This year, a group of 12 FOX employees worked with seven families, joining children with their forever families.
PEOPLE FORWARD

Our employees, numbering over 10,000 strong, help make FOX the successful media and entertainment company it is. We recognize and support our colleagues by promoting inclusion and diversity, offering competitive compensation and benefits, affording workplace flexibility for work-life balance, providing learning and development opportunities and fostering workplace civility and respect. We are committed to freedom of association and the protection of human rights.

INCLUSION AND DIVERSITY

Our commitment to diversity starts at the very top. Our Board of Directors requires that minority and female candidates are presented for consideration with each Director vacancy. The more unique voices in the room and the broader the experiences of our colleagues, the better FOX’s internal culture and external programming are. Our diversity enables us to be more reflective of the audiences we reach and enhances our ability to create news, sports, entertainment and other programming that serves all viewers across the country. We cultivate this commitment with our approach to talent recruitment, development and retention across all our disciplines.

The Executive Vice President of Human Resources and the Vice President of Diversity & Inclusion monitor and oversee diversity initiatives and data on an ongoing basis. Moreover, we voluntarily post on our corporate website our Employment Information Report (EEO-1), showing the race, ethnicity and gender of our U.S. employees.

FOX has several talent recruitment initiatives designed to identify, attract, hire, build and retain promising talent with various backgrounds and experiences. Our centralized recruitment team ensures job postings are written and distributed to appeal to candidates broadly and on an equal basis. We list our job openings internally and externally because we believe this is one of the best tools to reach the widest and most diverse pool of candidates. Our employee referral incentive encourages employees to identify strong candidates who can succeed at the Company. We include the salary range in each job posting to promote pay transparency and further pay equity.

We offer paid internships to build a diverse pipeline of early-career talent and emerging leaders. The FOX Internship Program offers students an exciting opportunity to gain practical experience by participating in real-world projects and seminars on the media industry, technology and professional development. This internship program, which runs for 8-10 weeks three times per year, welcomed over 475 students in calendar year 2022 and was listed in Vault’s 2022 and 2023 “100 Best Internships” surveys.
The program was also the 2023 Winner of the Interns 2 Pros Internship Program of the Year.

We also partner with the Emma Bowen Foundation, the T. Howard Foundation, the International Television and Radio Society, Sports Biz Careers, National Association of Broadcasters’ Emerson Coleman Fellowship Program, Pathway at UCLA Extension and the Entertainment Industry College Outreach Program to provide media internships for promising students.

Our Standards of Business Conduct expressly state that FOX endeavors “to ensure that the workplace is free of bullying and harassment, whether that harassment is sexual in nature or is based on any characteristic protected by applicable law.” It makes clear that “it is our policy to investigate promptly and thoroughly any complaint of discrimination or harassment and to take remedial measures if FOX determines there has been a violation of FOX’s policy against such conduct.”

We are also committed to providing a workplace that treats all employees with dignity and respect and is free from all forms of harassment, discrimination and retaliation. Harassment, discrimination and retaliation are inconsistent with the Company’s philosophy, undermine employee morale and interfere with productivity. Our Preventing Harassment, Discrimination and Retaliation Policy protects individuals on the basis of a person’s actual or perceived race, religious creed, color, national origin, ancestry, immigration or citizenship status, age, physical disability, mental disability, medical condition, genetic information, marital status, caregiver status, sex (including pregnancy status, childbirth, breastfeeding and related medical conditions, as well as sex stereotyping), gender, gender identity, gender expression, sexual orientation, sexual and reproductive health decisions, reproductive health decision-making, hair texture or hairstyle, height, weight, military or veteran status, reproduction health decision, political affiliation, arrest or conviction record, union membership, unemployment status, credit history, status as a victim of domestic violence, stalking or sexual offenses, or any other legally protected characteristic.

Any employee or applicant who believes they have experienced or witnessed harassment, discrimination or retaliation, including as a bystander, must immediately report the facts and the names of the individuals involved to a manager in the Company’s Human Resources department or to one of several alternative reporting channels, including the confidential, third-party managed Alertline, which allows for anonymous reporting of concerns. Members of management who learn of harassing, discriminatory or retaliatory conduct from any source are required to report it immediately.

Reported incidents of harassment, discrimination and retaliation will be investigated in a fair, complete and timely manner by impartial, qualified personnel, with due process given to all parties involved and due consideration given to the surrounding circumstances. If FOX reasonably determines that a violation of this policy has occurred based on the investigation it has undertaken, the Company will take appropriate remedial action up to and including immediate termination of employment. These reports and investigations are evaluated by the most senior members of FOX’s management team. The Chief Legal and Policy Officer must approve any settlement related to a violation of the FOX Standards of Business Conduct as well as claims related to sexual harassment or other forms of discrimination. Further, the Audit Committee of the Board of Directors is informed of all matters related to potential incidents of harassment or discrimination.

The Board has also adopted a clawback policy, whereby the Compensation Committee has sole discretion to require reimbursement of all or any portion of any performance-based compensation.
or discretionary bonus paid to any employee for the period when the employee engaged in harassment, discrimination and/or retaliation, including the failure to respond to allegations or complaints of such behaviors. All new hires must complete training on the Preventing Harassment, Discrimination and Retaliation Policy, as well as compliance and business ethics, and existing employees must complete the training periodically.

**FREEDOM OF ASSOCIATION**
FOX has always been and will continue to be unequivocally committed to our employees and their right to freely associate with any third party. Indeed, our Preventing Harassment, Discrimination and Retaliation Policy forbids discrimination on the basis of political affiliation or union membership. We firmly adhere to the National Labor Relations Act (NLRA). The NLRA and the subsequent Taft-Hartley Amendments protect rights of employees and employers in the private sector. The foundation of the NLRA includes the employees’ right to participate in protected, concerted activities, to discuss working conditions openly and to choose to be or not be associated and/or represented by a third-party representative without fear of discrimination or retaliation. Across FOX Entertainment, FOX Sports, FOX Television Stations and the FOX Studio Lot, we are a party to approximately 75 separate collective bargaining agreements that cover thousands of staff and freelance employees.

**COMMITMENT TO DIVERSE EXPRESSION**
The core values of our business—a free press, free speech and free expression—reflect our commitment to our audiences’ right to know, be informed and participate in the marketplace of ideas. We empower our news, sports and entertainment teams to develop content that speaks to the various cultural intersections within our diverse audiences.

Given the variety of communities we serve, there may be content on our platforms that some members of our audiences disagree with or feel is not reflective of their values. We also understand and respect that some employees may not agree with certain content they see, contribute to or are asked to develop.

We ask each of our employees to join us in upholding these core values, as well as supporting the independent editorial judgments of our teams, as we work together to deliver the highest quality content to our viewers.

**PROTECTING HUMAN RIGHTS**
FOX is committed to operating in a manner that respects, protects and promotes human rights worldwide. This commitment includes respecting the dignity and worth of all individuals, encouraging all individuals to reach their full potential, encouraging the initiative of each employee and providing equal employment opportunity to all employees. These key principles are embodied in FOX’s Human Rights Statement. Taken collectively, FOX’s workplace policies and practices—including nondiscrimination, prohibitions against forced and child labor, freedom of association and the right to engage in collective bargaining—are aligned with the principles of the ILO’s Declaration on Fundamental Principles and Rights at Work and the UN Universal Declaration of Human Rights.

**ENVIRONMENT, HEALTH AND SAFETY (EHS) PROGRAM**
FOX is committed to protecting the health, safety and work environment of our employees, clients and neighbors.

Our EHS Program manages risks by implementing proactive, practical and feasible controls into daily work activities, as appropriate. Employees receive health and safety training orientations and have access to several workplace safety programs and resources. The program works to continuously improve performance through preventive measures as well as efforts to correct hazards or dangerous conditions and minimize the environmental impact of our activities.

The day-to-day management of FOX’s EHS Program, sustainability initiatives and environmental compliance is overseen by our President and General Manager, Studio Operations, and implemented by our dedicated Environment, Health and Safety team.

Moreover, the Company also has a Global Security team that oversees FOX’s security and emergency response efforts, as well as emergency planning and preparedness. The team proactively monitors, reports and responds to potential and actual threats to people, physical assets and property, as well as productions and events, using a number of tools including advanced technology, active training programs, risk assessment and management processes.
FOX is dedicated to furthering the transformation of the media and entertainment business into a more sustainable industry. Since the formation of Fox Corporation in 2019, our focus has evolved from awareness and data collection to action, impact and influencing positive change. We are committed to operating efficiently and reducing environmental impacts associated with our operations across all our FOX businesses. Based on our operating footprint, we have identified the following environmental impact priority areas:

• **Cleaner and More Efficient Facilities** – We own and lease various properties in the U.S. (including the FOX Studio Lot in Los Angeles) that use energy and water and generate related greenhouse gas emissions and waste.
• **More Sustainable Productions and Broadcasting** – From sports to news and entertainment, our productions and broadcasts require energy, travel and materials that need to be managed responsibly.
• **Engagement** – Requiring our suppliers to manage relevant environmental risks, supporting industry wide efforts and encouraging employees to adopt sustainability practices in the workplace.

**SUSTAINABLY FORWARD**

**CLEANER AND MORE EFFICIENT FACILITIES**

Our facilities, including studios, television stations, data centers, news bureaus and corporate offices, generate our largest environmental impact. That is why we seek energy efficient solutions to minimize our energy consumption and seek to identify clean sources of energy to power our operations.

Ongoing initiatives to reduce energy consumption and related greenhouse gas emissions include:

• Constructing new buildings to LEED-certified standards
• Installing high-efficiency LED lights on production stages
• Adding occupancy/motion switches in common areas and selected offices
• Replacing older HVAC systems with more efficient units
• Offering and managing commuter programs, including a Qualified Transportation Expense benefit that encourages employees to commute via mass transit
• Virtualizing servers at our owned and operated television stations and data centers and eliminating local file servers across our business units
Our portfolio of businesses includes sports, news and entertainment productions, all of which contribute to our collective environmental impact. Whether it is the fuel needed onsite to power our productions, transportation of our crews to broadcast events around the world or the equipment needed to broadcast our content to the viewers, we continue to search for ways to reduce fuel consumption, minimize our onsite environmental footprint and adopt innovative mitigation technologies to power our broadcasts with cleaner sources.

Ongoing initiatives to reduce our environmental impact include:

- Purchasing fuel efficient vehicles for news teams
- Upgrading to more energy efficient transmitters across our owned and operated television stations

We understand the media and entertainment industry is a complex ecosystem of stakeholders, and we intend to work with them to drive sustainability within the industry.

During the 2022 MLB season, FOX engaged with MLB Green on various environmental initiatives at several events including the All-Star Game, Field of Dreams, Postseason Playoffs and the World Series. Efforts included distributing reusable aluminum PATH water bottles, setting up water refill stations, donating leftover food, utilizing recycle bins and purchasing offsets. We look forward to continuing our relationships with MLB and NFL Green and exploring new ways we can continue to promote sustainability onsite.
CONNECTING WITH VIEWERS ON EARTH DAY
FOX 2 WJBK Detroit
Our FOX 2 station reported live at the Dossin Great Lakes Museum to celebrate Earth Day in partnership with Michigan State University’s Science Festival. The museum’s free family day centered around the natural habitat and history of Belle Isle, a 2.5-mile-long island park in the Detroit River, and highlighted their new exhibit, “Microplastics: Here, There, Everywhere,” and discussed the Detroit River and its importance to humans and animals.
As part of the station’s special Earth Day coverage, FOX 2 also covered local cleanup and e-waste events. All weather forecasts highlighted Earth Day as well.

FOX 29 WTXF PHILADELPHIA
The team at our FOX 29 station celebrated Earth Day by promoting several sustainable home products and eco-friendly toys. The station also encouraged viewers to volunteer at the Pennsylvania Horticultural Society (PHS) which connects people with horticulture to create beautiful, healthy and sustainable communities in the Greater Philadelphia Region. FOX 29 also promoted Camden Park Cleanups as well as an Earth Day Rally and Green Fair for locals to attend.

EARTH MONTH EMPLOYEE ENGAGEMENT
FOX hosted a variety of events for employees during Earth Month.
For the fourth consecutive year, FOX partnered with One Tree Planted to support their mission to restore forests and create habitats for biodiversity, making it simple for our employees to help the environment through tree planting.
Through FOX’s virtual Race for Reforestation, employees recorded over 6,300 miles during the month of April 2023, doubling our miles and engagement from last year. For each mile, FOX planted a tree through One Tree Planted and made an additional charitable donation to the nonprofit organization to help reach 10,000 trees planted.
FOX also organized an Earth Month Bingo Sweepstakes to challenge employees to complete environmentally friendly tasks and practices at home and at work and hosted a presentation for employees from Omnic, an innovative food tech company that produces plant-based alternatives to traditional meats.
Additionally, FOX launched a dedicated Sustainability page on One FOX, the company’s internal communications platform, as a resource for employees to learn about our initiatives and partnerships, get tips and stay up to date on sustainability-related industry news.

SUPPLY CHAIN MANAGEMENT
Consistent with our Supplier Management Policy, Doing Business with FOX, we require our suppliers to have a documented environmental policy that includes a commitment to comply with relevant environmental laws and regulations and work toward continual improvement and pollution prevention.
We have also developed policies and guidelines for sourcing goods and materials, including plywood, durable goods, computer equipment and service ware.

TRANSPARENCY
To truly understand our impact and remain accountable, we believe that it is important that we align ourselves with best reporting practices, including publicly reporting our efforts and having our data verified by independent third parties, as appropriate. For the second year in a row, we provided responses to the CDP Climate Change Questionnaire during the new fiscal year, and we intend to continue to publicly report our annual greenhouse gas emissions inventory and refine our methodology. We also plan to engage a consultant to expand our Scope 3 greenhouse gas emissions inventory for fiscal year 2024. We aim to be as comprehensive and clear as possible.

Our audiences expect quality content from brands they can trust and companies they can believe in. This requires us to be principled, transparent, respectful and fair to each other and to our business partners, customers and other stakeholders. We are proud of the way we conduct our business and the ethical principles we follow.

OUR POLICIES

We insist that everyone working for and with FOX will always act with integrity. That standard is set forth in the comprehensive policies and codes that govern our ethical conduct and responsible behavior.

- **Standards of Business Conduct** outlines our principles regarding fair, ethical and honest business dealings, full and fair disclosure, and compliance with applicable laws, and confirms the expected standard of behavior governing all FOX employees and businesses.

- **Statement of Corporate Governance** sets forth the Company’s corporate governance guidelines and practices, and ensures the Company is governed in a manner that serves the interests of our shareholders, colleagues and other stakeholders.

- **Global Anti-Bribery and Anti-Corruption Policy** confirms our commitment to never engage in, tolerate or condone bribery, corruption or similar conduct. This policy applies globally to every director, officer and employee of FOX and its majority-owned subsidiaries and divisions, as well as to third parties acting on behalf of FOX and its subsidiaries.

- **Political Activities Policy** establishes standards for employees to ensure compliance with gift, lobbying and political contribution laws, and any additional, more restrictive requirements required by FOX.

ETHICS AND COMPLIANCE PROGRAM OVERSIGHT

OVERSIGHT

The Audit Committee of the Board of Directors has responsibility for reviewing the content and operation of FOX’s business ethics and compliance program including anti-bribery and anti-corruption programs. The Chief Ethics and Compliance Officer reports to the Audit Committee and to senior management about existing compliance programs and proposed new initiatives. The Company has several operational compliance policies and programs, including a Global Anti-Bribery and Anti-Corruption Policy, an Insider Trading and Confidentiality Policy, a Political Activities Policy and a Global Sanctions, Anti-Boycott and Import/Export Policy.
FOX’s Chief Ethics and Compliance Officer leads the Company’s Ethics and Compliance Program and assists the Board of Directors in fulfilling its oversight duties concerning compliance with applicable laws, regulations and accounting standards, and the dissemination of true and accurate information. On behalf of senior management, the Chief Ethics and Compliance Officer is responsible for ensuring the ethics and compliance processes are fully embedded in the business. Additionally, the Chief Ethics and Compliance Officer works with liaisons in each business unit to coordinate compliance policies and controls and related ongoing risk assessments.

**Dynamic Risk Assessments**

We undertake various risk assessments as part of our efforts to ensure compliance with our Standards of Business Conduct and other compliance policies. These include:

- All compliance-sensitive vendors are identified and escalated to the Chief Ethics and Compliance Officer for risk assessment and review before being approved. We utilize both subjective assessments and screening of all vendors embedded in the intake process for our Accounts Payable/Vendor Management system.
- Through periodic compliance risk assessments, FOX identifies and assesses operations that present the greatest compliance risk and prioritizes resources to address those risk areas.
- Financial transactions involving government-related vendors must be reviewed and approved by, among others, the Chief Ethics and Compliance Officer.
- The FOX Corporate Audit group periodically reviews the completeness and reliability of this practice. In addition, business units that conduct operations in jurisdictions with known levels of perceived corruption, or in other situations where the potential for corruption may present itself, meet prospectively with our Compliance team to assess potential risks and formulate risk reduction and remediation strategies.

**Third Parties**

We require that consultants, agents and other third parties acting on behalf of FOX adhere to the principles contained in our Global Anti-Bribery and Anti-Corruption Policy, and we strive to ensure that all payments to third parties are recorded accurately and documented appropriately.

**Training**

All FOX employees are required to read our Standards of Business Conduct and Global Anti-Bribery and Anti-Corruption Policy and acknowledge that they have done so. There is also periodic training about our Standards of Business Conduct. All new employees are required to complete an online training module focused on anti-bribery and anti-corruption as part of the onboarding process, and existing employees are also required to complete this training periodically.

**Reporting Concerns**

The Standards of Business Conduct and Employee Handbook both include information about how ethics concerns can be raised. Employees can approach a manager in Human Resources or an attorney in the Legal Department, in any FOX business unit.

The Chief Ethics and Compliance Officer and designated compliance or legal liaison in each respective business unit are also available to serve as additional resources.

Any stakeholder (including employees, suppliers, customers and other third parties) can use FOX’s independently managed Alertline. Alertline supports anonymous reporting of concerns either through a dedicated, domestic/international toll-free telephone number available 24 hours a day, 365 days a year, or through a secure website.

Translation services are available through Alertline. Reports are treated confidentially. Alertline (both online and telephonic) is maintained by a third-party provider. The system generates an auditable log of all concerns that are received through that system. A summary of the complaint is distributed by the system to senior members of the Audit, Legal and HR teams, as well as the Chief Ethics and Compliance Officer, who decide what further action may be necessary.

On a quarterly basis, the Senior Vice President, Corporate Audit & Risk Management, reports on whistleblower complaints to FOX senior management and to the Audit Committee of the Board of Directors.

The Chief Ethics and Compliance Officer also plays a role in the resolution of complaints, where warranted. In addition, there may be certain circumstances when a colleague or anyone with an ethics or compliance concern believes that they cannot communicate that concern through regular channels. In such a situation, that person may communicate directly with the Lead Director of FOX’s Board by addressing a letter to the attention of Lead Director, Fox Corporation, 1211 Avenue of the Americas, New York, NY 10036.
INTEGRITY IN SPORTS BETTING

FOX Sports is synonymous with the best live sports events in the country. The Company also operates a licensed sports-betting marketing affiliate site and has other relationships with and involving the licensed U.S. sports-betting industry. For all those reasons, ensuring the integrity of sporting events and wagering, and avoiding even the appearance of impropriety, are critical. Gaming and broadcast integrity are a top priority. FOX is committed to expanding sports fans’ experience responsibly and ethically.

At FOX, it is our policy to never exploit our positions for personal gain—in gaming, broadcasting or otherwise. Our Standards of Business Conduct demonstrate our fidelity to our focus on acting ethically and refraining from self-dealing.

• As one of the world’s leading sports broadcasters, FOX personnel may learn information about sporting events and athletes before it becomes known to the public. We do not share non-public information except as part of our journalistic responsibilities. It is our policy to never use it for personal gain. For example, members of the production team on FOX’s broadcast of an NFL football game might learn before the game begins that one team’s starting quarterback suffered a serious injury while warming up—information not yet known to the general public. Any FOX personnel learning of this information would be prohibited from betting on the game and would also be prohibited from sharing the information with friends, family members or acquaintances before it becomes known to the general public. Similarly, if the injured football player was a member of the USFL, that player’s teammates would be barred from sharing the information with third parties.

• FOX personnel may not wager with or through a FOX-controlled or affiliated sportsbook or marketing affiliate. FOX currently does not own majority interest in or control any sportsbook; however, FOX’s Outkick Media LLC, for example, is a licensed sports-betting marketing affiliate. FOX personnel may not open any account or place any wager through Outkick or any other marketing affiliate or sportsbook in which FOX may acquire a majority interest or control in the future.

• Not only are FOX employees required to refrain from improperly benefiting from their position or access, they must also guard against family, household members and others receiving improper betting advantages.

• We do not promote unlawful or unlicensed betting. FOX prohibits its personnel from endorsing, promoting or otherwise advancing unlawful or unlicensed sports betting or gambling.

• At FOX, we always uphold the integrity of sporting events or sports betting that FOX broadcasts or promotes. FOX’s unique position as a leading sports broadcaster, coupled with its relationship to the sports betting industry, necessitates extra care to avoid even the appearance of impropriety in this area. We avoid taking any step that might be viewed as creating that perception and promptly report any incident or event that might do so.

FOX employees are encouraged to seek clarification on the use of non-public information from the Legal Department, the Chief Ethics and Compliance Officer and the Chief Legal and Policy Officer.

POLITICAL INVOLVEMENT

The FOX Political Activities Policy serves to ensure that all employees and Company officers comply with FOX’s standards for political activity. The Policy focuses on six areas of political activity:

• providing gifts or other items of value to public officials
• lobbying lawmakers and government officials on policies that are important to FOX
• making corporate or personal political contributions
• running for political office
• supporting the FOX Political Action Committee (FOXPAC)
• trade association membership

Additionally, FOX publicly discloses its political activity on an annual basis. The 2022 report can be found on foxcorporation.com.
EDITORIAL GUIDELINES AND BROADCAST STANDARDS

The First Amendment and the fundamental values it embodies help define who we are and what we do. As an important source of news, information, analysis and media, we play a leading role in the marketplace of ideas. Our flagship news properties are some of the most influential in history, and we respect the significant responsibility that comes with being a steward of the people’s right to know. The core values of our entire business—free press, free speech and free expression—reflect our commitment to the people’s right to know, to be informed and to participate in the marketplace of ideas. FOX’s Standards of Business Conduct, Employee Handbook and Standards & Practices Program Standards Manual confirm our position and expectations regarding editorial independence and broadcast standards. Employees are required to read the policies and acknowledge that they have done so.

FOX is committed to:

• Accuracy and editorial independence: Our news organizations seek to carefully vet sources and check facts, and we maintain strict separation between revenue sources and our news and opinion content.

• Freedom of speech and the press: We zealously guard and defend our journalists in their search for the truth. Indeed, we believe so strongly in these core values that we have often come to the defense of our competitors, recognizing that a free press benefits all of us and requires the support of each and every one of us.

• Protection of the newsgathering process: FOX seeks to protect the integrity of the entire newsgathering and editorial process. We safeguard the confidentiality of information, communications and sources that our journalists acquire in the course of their reporting. We defend against external intrusion into the editorial or thought processes of our newsroom personnel, including the disclosure of drafts, edits or confidential newsroom discussions about which stories merit publication.

• Specialized Training: On the First Amendment, defamation, privacy, infringement and other newsgathering and reporting topics to educate newsroom and creative employees on these principles and provide advice on best practices.

• The independence of our editorial judgments: We will resist the attempts of litigants, regulators or other third parties to infringe on them.

• Respect for cultural rights and diversity: Various FOX programming and advertising guidelines outline our expectations regarding sensitivity to and respect for ethnic, religious, sexual and other areas of social concern.

• Equal access to content and services: FOX networks are widely distributed (including cable, satellite and streaming), ensuring that anyone can easily gain access to our content. FOX News and FOX Business are available in approximately 70 million U.S. households, and the FOX Network covers approximately 99.9% of U.S. television households. To ensure access for people with disabilities, FOX provides closed captioning, video description and visual access to emergency information.
• Promoting responsible decision making by appropriate audiences: We provide V-Chip ratings and advisories, where applicable, on all entertainment programming and promotions longer than 10 seconds (excluding news and live sports), allowing parents to block programs they do not want children to watch. We are also beginning to provide ratings for programming that appear on Tubi, which also provides parental controls to block programs.

• Protection of intellectual property: It is our policy to engage in fair competition, protect our intellectual property and respect the intellectual property and proprietary information of others. We do not seek or accept the confidential information of competitors or business partners to gain an improper commercial advantage. We do not download or use copyrighted materials—such as pictures, films or videos, music, software or source code—without a proper license.

In addition, for many years, FOX News and FOX Television Stations have supported the Media Law Resources Center (MLRC), founded in 1980 by leading American publishers and broadcasters to assist in defending and protecting free press rights under the First Amendment. Today, MLRC is supported by more than 115 members, including leading publishers, broadcasters and cable programmers, as well as internet operations, media and professional trade associations, and media insurance professionals, in America and around the world.

Fox Corporation’s Standards & Practices Program group reviews advertising and on-air promotional material to confirm that it complies with regulatory and network guidelines and is placed within appropriate programming. Our business units maintain portals through which viewers can provide feedback regarding the content of programming, advertising and on-air promotional materials. The feedback portals relating to our sports and entertainment programming are available online at FOX.com and FOXSports.com, as well as for FOXNews.com and FOXBusiness.com. The Standards & Practices Program group maintains records of all complaints received through these portals as well as feedback passed to the network via local stations. We use viewer feedback to review our Standards & Practices judgments with regard to content and scheduling.

FOX also participates in many industry initiatives and organizations to promote media ethics, including:

Entertainment Industries Council: FOX regularly hosts events and supports initiatives that further the Council’s mission to encourage the entertainment industry to more effectively address and accurately depict major health and social issues.

TV Parental Guidelines Monitoring Board: FOX is an active member of this organization, which is “responsible for ensuring there is as much uniformity and consistency in applying the Parental Guidelines as possible.”

ADVERTISING ETHICS

The marketplace of ideas is where FOX and its brands thrive. Our success rests on the principles of free expression, free inquiry and freedom of choice. That also holds true for our participation in the business world generally, where we seek to vigorously protect our reputation for honesty, transparency and fair competition. Our credibility lies at the core of our success, from the content we create to the advertising that appears on our networks. Our networks sell commercial announcement time for the advertising of goods and services and for institutional advertising. We recognize that advertising must be truthful, appropriate and comply with all Federal Communications Commission, Federal Trade Commission and legal requirements.

The FOX Network’s Advertiser Guidelines provide a comprehensive set of standards covering, among other things, stereotyping and other community sensibilities, violence and anti-social behavior and requirements for product claims to be fully substantiated.

The Advertiser Guidelines also mandate that every commercial airing on the FOX Network must be evaluated and approved in advance by FOX’s Broadcast Standards Department, which reserves the right, at any time, to withdraw approval of a commercial spot.
Our audiences welcome us into their homes and their lives through our content. We protect that relationship by handling personal information responsibly and with care. FOX uses commercially reasonable administrative, technical, personnel and physical measures designed to safeguard information in its possession against loss, theft and unauthorized use, disclosure or modification.

**DATA PRIVACY POLICY**

FOX's Privacy Policies are designed to provide clarity and transparency about how we collect, use, disclose and retain users’ personal information. These policies describe our businesses’ practices concerning personal information collected through services such as websites, mobile sites and applications. For example, FOX’s Privacy Policies identify the sources of personal information, the purposes for using personal information (such as to operate our businesses or provide our products and services) and the categories of other parties with whom that information is shared. FOX’s Privacy Policies also provide various choices for consumers to access and control their personal information, including the ability to access and delete their personal information.

FOX also notifies users of changes to its Privacy Policies, including informing users that they should look at the Effective Date of the applicable policy to see when it was last revised and that any changes will become effective when a revised policy is posted.

FOX treats personal information consistent with these stated purposes and complies with notice requirements under applicable law and consistent with FOX’s incident response plan. FOX also employs data minimization and data retention consistent with internal policy and procedures and applicable law.
DATA SECURITY

FOX has a dedicated Information Security department headed by its Chief Information Security Officer. FOX uses an external third-party auditing firm to assess the overall maturity of its cybersecurity program against the National Institute of Standards and Technology (NIST) Framework. This is an annual quantitative assessment, which includes how the program evaluates and mitigates risk, as well as how it fares against industry benchmarks. The Chief Information Security Officer updates the Audit Committee of the Board of Directors quarterly on our cybersecurity program and on progress against maturity improvement areas.

FOX also regularly employs internal and external technical penetration testing and audit procedures against our environments including those systems, products and practices collecting or storing confidential business and personal information—including user data—in accordance with FOX’s security policies. This qualitative testing is conducted multiple times per year by external third-party firms. These tests are routinely performed at the application, infrastructure and network level by leading third-party assessment firms. FOX leverages security orchestration, automation and response systems (SOAR) to continuously react to events based on the relative risk.

FOX conducts annual mandatory company-wide cybersecurity compliance and information handling training, fosters awareness during Cybersecurity Awareness Month and conducts regular targeted employee training. FOX also sends out ad hoc advisories based on internal and external threat trends and/or cyber intelligence. FOX regularly conducts executive tabletop exercises involving detailed and topical cybersecurity scenarios.

FOX conducts vendor security assessments to evaluate associated risks and necessary internal and vendor security controls. FOX also uses commercially reasonable efforts to include applicable and appropriate contractual protections to mitigate vendor risk.
