

EARNINGS RELEASE FOR THE QUARTER ENDED MARCH 31, 2025

**FOX REPORTS THIRD QUARTER FISCAL 2025
REVENUES OF \$4.37 BILLION,
NET INCOME OF \$354 MILLION, AND
ADJUSTED EBITDA OF \$856 MILLION**

NEW YORK, NY, May 12, 2025 – Fox Corporation (Nasdaq: FOXA, FOX; “FOX” or the “Company”) today reported financial results for the three months ended March 31, 2025.

The Company reported total quarterly revenues of \$4.37 billion, an increase of \$924 million or 27% from the amount reported in the prior year quarter. Affiliate fee revenues increased 3%, driven by 4% growth at the Television segment and 3% growth at the Cable Network Programming segment. Advertising revenues increased 65%, primarily due to the impact of *Super Bowl LIX*, continued digital growth led by the Tubi AVOD service, and stronger news ratings and pricing. Other revenues increased 20%, primarily due to higher sports sublicensing revenues.

The Company reported quarterly net income of \$354 million as compared to the \$704 million reported in the prior year quarter. Net income attributable to Fox Corporation stockholders was \$346 million (\$0.75 per share) as compared to the \$666 million (\$1.40 per share) reported in the prior year quarter. Adjusted net income attributable to Fox Corporation stockholders¹ was \$507 million (\$1.10 per share) as compared to the \$520 million (\$1.09 per share) reported in the prior year quarter.

Quarterly Adjusted EBITDA² was \$856 million as compared to the \$891 million reported in the prior year quarter, as the revenue increase noted above was more than offset by higher expenses. The increase in expenses was primarily due to higher sports programming rights amortization and production costs driven by the broadcast of *Super Bowl LIX* and higher digital content and marketing costs.

Commenting on the results, Executive Chair and Chief Executive Officer Lachlan Murdoch said:

“Our strong fiscal third quarter underscored the central role FOX plays in informing and entertaining America, and our financial performance, highlighted by record free cash flow, once again illustrates the strength of the FOX platform. Whether it is our market leading coverage of a sustained, active news cycle or our broadcast of a record-breaking Super Bowl, we deliver for our audiences, advertisers and distribution partners. We are confident that our best-in-class assets, deliberate strategy and robust balance sheet position us strongly to drive long-term value for our shareholders.”

¹ Excludes net income effects of Restructuring, impairment and other corporate matters, adjustments to Equity earnings (losses) of affiliates, Non-operating other, net, Tax provision and Noncontrolling interest adjustments. See Note 1 for a description of adjusted net income attributable to Fox Corporation stockholders and adjusted earnings per share attributable to Fox Corporation stockholders, which are considered non-GAAP financial measures, and a reconciliation of reported net income attributable to Fox Corporation stockholders and earnings per share attributable to Fox Corporation stockholders to adjusted net income attributable to Fox Corporation stockholders and adjusted earnings per share attributable to Fox Corporation stockholders.

² Adjusted EBITDA is considered a non-GAAP financial measure. See Note 2 for a description of Adjusted EBITDA and a reconciliation of net income to Adjusted EBITDA.

NOTE 1 – ADJUSTED NET INCOME AND ADJUSTED EPS

The Company uses net income attributable to Fox Corporation stockholders and earnings per share (“EPS”) attributable to Fox Corporation stockholders excluding net income effects of Restructuring, impairment and other corporate matters, adjustments to Equity earnings (losses) of affiliates, Non-operating other, net, Tax provision and Noncontrolling interest (“Adjusted Net Income” and “Adjusted EPS” respectively) to evaluate the performance of the Company’s operations exclusive of certain items that impact the comparability of results from period to period.

Adjusted Net Income and Adjusted EPS may not be comparable to similarly titled measures reported by other companies. Adjusted Net Income and Adjusted EPS are not measures of performance under GAAP and should be considered in addition to, and not as substitutes for, net income attributable to Fox Corporation stockholders and EPS as reported in accordance with GAAP. However, management uses these measures in comparing the Company’s historical performance and believes that they provide meaningful and comparable information to management, investors and equity analysts to assist in their analysis of the Company’s performance relative to prior periods and the Company’s competitors.

The following table reconciles net income attributable to Fox Corporation stockholders and EPS attributable to Fox Corporation stockholders to Adjusted Net Income and Adjusted EPS for the three months ended March 31, 2025 and 2024:

NOTE 2 – ADJUSTED EBITDA

Adjusted EBITDA is defined as Revenues less Operating expenses and Selling, general and administrative expenses. Adjusted EBITDA does not include: Amortization of cable distribution investments, Depreciation and amortization, Restructuring, impairment and other corporate matters, Equity earnings (losses) of affiliates, Interest expense, net, Non-operating other, net and Income tax expense.

Management believes that information about Adjusted EBITDA assists all users of the Company's Unaudited Consolidated Financial Statements by allowing them to evaluate changes in the operating results of the Company's portfolio of businesses separate from non-operational factors that affect Net income, thus providing insight into both operations and the other factors that affect reported results. Adjusted EBITDA provides management, investors and equity analysts a measure to analyze the operating performance of the Company's business and its enterprise value against historical data and competitors' data, although historical results, including Adjusted EBITDA, may not be indicative of future results (as operating performance is highly contingent on many factors, including customer tastes and preferences).

Adjusted EBITDA is considered a non-GAAP financial measure and should be considered in addition to, not as a substitute for, net income, cash flow and other measures of financial performance reported in accordance with GAAP. In addition, this measure does not reflect cash available to fund requirements and excludes items, such as depreciation and amortization and impairment charges, which are significant components in assessing the Company's financial performance. Adjusted EBITDA may not be comparable to similarly titled measures reported by other companies.

The following table reconciles net income to Adjusted EBITDA for the three and nine months ended March 31, 2025 and 2024:
